Conduct After An Accident

CPD Case# 14-53164-OF

CONCORD, NH – On December 2, 2014 at 7:30 AM Concord Police responded to the area of Industrial Park Drive in Concord for the report of a hit-and-run accident.

The victim told police that he had been traveling west on North Pembroke Road at approximately 7:20 AM in his Dodge pickup truck. He said that as he crossed from Pembroke over the Soucook River into Concord he observed another truck traveling toward him in an easterly direction.

The victim said that this truck, described as a black Ford one ton dump truck (F-350) was pulling some type of trailer with a "roll tarp". Both the truck and trailer appeared to be hauling used roofing shingles.

The victim said that as the truck passed him it did not slow down. A crank (handle) on the trailer (which is used to roll the tarp) was extended out and struck the victim's own vehicle. This caused extensive damage across three quarters the length of the victim's truck. Both vehicles came to a stop. As the victim was calling police, the suspect vehicle fled the scene without providing his or her information.

The Concord Police Department is asking the public for its assistance in locating and/or identifying the second party involved with this accident.
